Re: WRS

Dear Mr. Gerek:

As you have been advised, Legacy Films, Inc. is the sole authorized distributor of The Giant of Thunder Mountain ("GTM"), and American Happenings, Inc. has also put all other distributors on notice to cease and desist selling the GTM titles. Because Dan Wilkins has been unable over the past several months to get certain pertinent information from you regarding GTM videos, Mr. Wilkins requested my office to formally request that you and/or Plaza's attorneys furnish such information within the next seven to ten days.

Mr. Wilkins needs to know the number of GTM videos duplicated and sold by WRS to Plaza and/or other distributors, groups, or individuals, and the prices for such videos. Additionally, because Legacy is interested in purchasing WRS's inventory of GTM videos, Mr. Wilkins needs to know how many GTM videos remain in WRS's inventory and where they are stored.

Thank you for your prompt attention to this matter.

Very truly yours,

John Gaims
